ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

PRICE LIST OF SALE \$1.00

IS THIS YOUR FIRST AUCTION CATALOG?

23rd EDITION (1970) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS"
AND OTHER AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOT ETHAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

THIS 24TH EDITION IS DIFFERENT!

We quote from the review by Whitman in July Stamp & Coin Supply Merchandiser:

“The important addition that makes this year’s book different from all previous editions is a nine-page chapter of facts and figures entitled “Old Red Books Never Die”. This all-new section was compiled by Mr. Yeoman over many months and is Whitman’s answer to collectors who have suggested that the book could serve as a guide to investing in coins as well as covering the technical numismatic aspects.”

\$4 GOLD COILED HAIR STELLA

99.	1879 COILED HAIR , struck in copper, glittering Red and blue PROOF with WIRE EDGE! An equal number were struck in gold and in copper. ONLY 10 STRUCK NEARLY A CENTURY AGO! It is our understanding that the last gold specimen to appear on the market was sold by a Southern dealer at \$25,000.00 This represents an increase of 40% over the 1965 value of \$15,000.00. A similar increase in value would place a current valuation on the copper not too far from	5,000.00
-----	--	----------

\$3 GOLD 1854 GEM, TYPE I

100.	1854 Tiny "dollars" (only year this type) BRILLIANT UNCIRCULATED SHARP STRUCK GEM! FOR THE "PERFECTIONIST WHO WANTS THE FINEST". THIS IS IT! A fantastic specimen which would be a "bargain" at \$550 to	600.00
------	---	---------------

\$3 GOLD TYPE II, 1855-1889

101.	1855 GLITTERING PROOFLIKE WITH WIRE EDGE! Acquired as a "proof" several years ago at \$2,500.00. Unless a person has studied these, it is difficult to sometimes tell the difference between a "prooflike" surface and a full "proof". In many instances the same dies were used to strike these "prooflike" specimens after being used to strike "proofs". They are rare in their own right. We believe this remarkable specimen to be worth	1,000.00

173. **1855-D NEAR UNCIRCULATED, VERY SHARP DATE AND "D". SUPERIOR STRIKE THAN THE MILES SPECIMEN** (Stacks sale Oct. 1968) which while "Uncirculated" had a weak 8 in date (this 8 is fairly sharp). The Miles specimen was also described "Characteristic flatness in hair". Perhaps the slight flatness in hair on this specimen is also due to striking and not wear. Careful comparison of this specimen with the Miles' one pictured in the catalog leads us to believe this is indeed, **ONE OF THE CHOICEST SPECIMENS KNOWN OF THIS GREAT RARITY. THE FIRST & ONLY YEAR OF TYPE II GOLD DOLLAR from the Dahlonega MINT!** The Miles specimen realized \$3200.00 nearly two years ago. The present catalog value for unc. seems a bit low at only 3,250.00

AUTOGRAPHED LARGE SIZE CURRENCY

Increasingly popular not only with currency collectors but also autograph collectors and "Americana" collectors. We believe values in this relatively new field of specialization will rapidly rise as comparative rarity of the various signatures becomes better known. When the new book on this subject (we understand it is in the process of being compiled) is published, present values should indeed appear to be "bargains".

PROOF & SPECIMEN-STRIKE HALVES PRIOR TO 1858

This is the continuation of the remarkable collection of which the ½c thru 10c were offered in January and the 25c in March 1969. The next portion will appear in our coming sales. We repeat the following which appeared in the earlier offerings:

"Special-struck or "Specimen-Strikes" are known since the beginning of U.S. coinage. They did the best they could to produce "Special" specimens with what facilities they had. These were produced for "Presentation Purposes" to heads of foreign governments (as in 1834 when the set included the 1804 \$1 and 1804 \$10 in Proof) museums, "dignitaries" and a very few collectors. While some resembled the later proofs struck in the late 1850's and 1860's, others were not as well made. Some were "one-sided proofs" and others were struck from regular dies which had been polished and regular planchets which had been selected as the best of the normal supply. The one thing in common that these had was that "Special Care" was given in their manufacture and that they were intended for special purposes. Since very little is known about the exact number struck and quality of each prior to 1858, it is difficult to have leading authorities agree what is a "proof", "specimen-strike", or "presentation-piece". This collection, assembled individually by a serious student, represents his ideas. We have added our observations (where pertinent) based on our thirty-seven years as professional numismatists."

1794 UNCIRCULATED HALF DOLLAR

1017. 1794 Overton 3 variety with die break thru F in OF and small die defect lumps at side and above left half of M. **UNCIRCULATED, SHARPLY STRUCK WITHOUT THE SLIGHTEST FRICTION!** Close examination with a strong glass reveals very faint "mint equalization marks" on reverse (done at mint to bring planchet down to proper weight and save the cost of melting and re-striking overweight coins). Overton lists this variety as "VERY RARE" but in this remarkable condition, **WE BELIEVE IT TO BE IN A CLASS BY ITSELF — POSSIBLY UNIQUE!** We do not know if it is a "Specimen-Strike" but it is sharper struck than most 1794 specimens we have seen in our thirty-seven years as professionals. **ANY 1794 UNCIRCULATED IS EXTREMELY RARE BUT COMBINED WITH A "VERY RARE" VARIETY, IT IS EVEN RARER!** Acquired 1964 at \$7,800.00 when it was valued \$10,000.00. What its present value might be is difficult to determine — except we do know that classic rarities have advanced substantially since then..

1795 CHOICE HALF DOLLARS

1018. 1795 Overton 23, recut 9 in date, 9X8 berries, **GLITTERING PROOFLIKE SURFACE with Lovely Bluish Golden Patina, SHARP DENTICALS BOTH SIDES**, top hair strand and eagle's wing tips not fully struck up. Overton states "**VERY RARE**" variety! Undoubtedly "**CONDITION CENSUS**"! Should certainly realize around 3,000.00

1019. 1795 Overton 45, star 1 entirely thru lowest curl (Beistle 14-P), recut CA, **UNCIRCULATED WITH SHARP DENTICALS BOTH SIDES**, lovely bluish golden patina, feathers of eagle's breast not fully struck up, pin-point edge nick. Overton states "**EXTREMELY RARE**" variety. While we believe this certainly is "**CONDITION CENSUS**", we do not believe it to be a "Specimen-Strike". Acquired 1966 as "**Finest Known**" at \$2,500.00. Probably now worth closer to 3,500.00

1796 PROOFLIKE HALF DOLLAR

1020. 1796 15 STARS, SMALL EAGLE WITH "1/2" BELOW, Overton 2 variety, **PROOFLIKE SURFACE with Lovely Bluish Golden Patina**, high point of collar and eagle's breast feathers not fully struck up, very faint "mint equalization marks" faintly visible on reverse under a strong glass. Interesting **UNLISTED SUB-VARIETY with Extra Star on edge** after "**FIFTY CENTS**". Acquired 1964 at \$14,500.00. Probably now worth over \$17,500.00; possibly closer to 20,000.00

1801 UNCIRCULATED HALF DOLLAR

1021. 1801 13 Stars, Heraldic Eagle type, Overton 1 variety, "# 54 Judd" which could mean that this is from the Dr. Judd type collection which was one of the **CHOICEST TYPE SETS EVER TO BE ASSEMBLED AT A TIME WHEN THE BRAND & COL. GREEN MATERIAL WAS AVAILABLE IN LARGE AMOUNTS. Uncirculated with golden Prooflike lustre.** Close examination with a glass reveals faint rub on high point of collar (probably from sliding in the old-time coin cabinets). We believe any valuation placed in reference books on this date for "Uncirculated" is theoretical. The great name collections did not have any true uncirculated specimens. **AN OUTSTANDING RARITY IN THIS REMARKABLE CONDITION!** Easily worth 2,500.00

1806 PROOFLIKE HALF DOLLAR

1022. 1806 Pointed top 6, stem thru claw, Overton 37 "(RARE)", PROOFLIKE SURFACE on reverse, brilliant to light golden patina. Acquired 1966 at \$750.00; probably now worth around 1,000.00

1807 CAPPED BUST HALF DOLLARS

1023. 1807 Small Stars, Overton 32 variety, UNCIRCULATED WITH SHARP DENTICALS BOTH SIDES & SHARP STARS, SHARP CLAWS, only a few feathers of eagle's left wing and neck not fully defined (a very much sharper strike than generally seen), light golden patina. We believe this to be a superior strike regular issue coin rather than a "Specimen-Strike". A rare major variety in VERY RARE CONDITION! We note the choice 1807 50/20 (somewhat "commoner") variety in the R. L. Miles collection (sold by Stacks April 1969 N.Y. auction) realized \$550; surely this MUCH RARER variety worth over 650.00
1024. 1807 Large Stars, Overton 33 ("SCARCE"), PROOFLIKE Bluish Golden patina, variety with die defect lumps below 7 giving it the appearance of 7 Over 7, slight rubbing on high points. The 1807 Large Stars in the Miles sale (Uncirculated, a touch of friction on cheek and neck) realized 320.00

1807 PROOFLIKE HALF DOLLAR, CAPPED BUST

1025. 1807 Small Stars, Overton 31 variety, FULL PROOF SURFACE OBVERSE & REVERSE WITH NEEDLE-SHARP DENTICALS & STARS, GLITTERING LIGHT BLUISH GOLDEN. Acquired 1960 from a leading Chicago dealer as "PROOF" at \$5,000.00. We believe this remarkable specimen to have been struck on a specially polished planchet using the regular dies but using special care in the striking. Remarkably sharp curls on forehead but center curls not fully defined, even tho they are much sharper than on most "uncirculated" specimens we have seen during our thirty-seven years as professional numismatists. The center of reverse, while much sharper than usual, also does not have all feathers fully defined. A remarkable specimen indeed! We have no frame of reference to judge its present value.

1809-11 CHOICE HALF DOLLARS

1026. 1809 Overton 1 with DOUBLE "U" in UNITED, Uncirculated with lovely blue patina, SHARP STRUCK! Overton says "VERY RARE". 300.00
1027. 1811 Overton 22, small 8, Uncirculated SHARP STRUCK with lovely blue patina. We believe this to be a choice regular strike coin. 250.00

1815 OVER 12, CHOICE HALF DOLLAR

1028. 1815 OVER 12, UNCIRCULATED WITH SHARP STRUCK HAIR AND EAGLE CLAWS, light golden patina. A lovely regular strike specimen of Overton 1 variety. VERY RARE SO CHOICE! Easily worth 1,500.00

1817 OVER 13 PROOF SURFACE HALF DOLLAR

1029. 1817 Over 13, PROOF SURFACE OBVERSE & REVERSE, GLITTERING BLUISH GOLDEN. Acquired 1964 as PROOF at \$1045.00. Probably now worth over 1,500.00

1818 PROOF SURFACE HALF DOLLAR

1030. 1818 Overton 27, date 1 81 8, PROOF SURFACE OBVERSE & REVERSE, GLITTERING BLUISH GOLDEN. VERY SHARP STARS AND HAIR, obverse struck very slightly off-center (perhaps 1%), reverse not quite as sharply struck as obverse. Acquired as a "PROOF" in 1966 at 575.00

1819 PROOF SURFACE HALF DOLLAR

1031. 1819 OVER 18, Overton 13 with projection at top of 1, tail of 9 recut, **PROOF OBVERSE AND REVERSE SURFACES, STARS & OBVERSE & REVERSE EDGES SHARPLY STRUCK** but some hair strands and portions of eagle flatly struck. Overton says "VERY RARE" variety. Acquired several years ago at 250.00

1821 PROOF SURFACE HALF DOLLAR

1032. 1821 Overton 6, Glittering slightly golden, slightly prooflike, **SHARP STRUCK GEM!** Overton says "SCARCE" variety. We believe this to be an unusually choice regular strike coin. 200.00
1033. 1821 UNLISTED, Obverse Overton 10, Reverse Overton 9, **PROOFLIKE** surface, golden patina, faint rub. **RARE.** 200.00
1034. 1821 Overton 13, **PROOFLIKE** with lovely golden & blue patina, **VERY SHARP STRIKE.** Overton says "SCARCE" variety. 400.00

1821 PROOF HALF DOLLAR

1035. 1821 Overton 7, Lot 1312 of Stacks' 1957 Empire sale described as "A Superb iridescent Proof. Perfectly struck stars, heavy milled border on both obverse and reverse. From the 1949 A.N.A. sale-McPherson Collection. Rare." This coin realized \$180 then (13 years ago) while coins of equal rarity uncirculated (such as 1819) realized \$12. The 1819 & 1821 now catalog unc. \$85; a comparative increase in value would place this proof at about \$1300 but since proofs seem to have increased faster than uncirculated, we believe this remarkable specimen will realize over \$1500, perhaps closer to 2,000.00

1822 PROOF SURFACE HALF DOLLAR

1036. 1822 Overton 25, Glittering bluish golden Proof surface, Sharp Stars & border. 250.00

1823 PROOF SURFACE HALF DOLLAR

1037. 1823 Overton 28, Ugly 3 variety, **GLITTERING GOLDEN PROOF SURFACE OBVERSE & REVERSE.** A lovely specimen acquired as a "PROOF" five years ago at 500.00

1824-1829 PROOF SURFACE HALF DOLLARS

1038. 1824 OVER VARIOUS DATES, Overton 4, some prooflike surface, golden patina, faint rub, edge nick reverse. We believe this to be a regular strike. Cat. unc. 75.00
1039. 1826 Overton 37, golden Prooflike, Sharp Strike, struck about 1% off-center. 150.00
1040. 1827 Overton 10, square-base 2, recut 5 in 50C, Prooflike with golden patina. Overton says "RARE" variety. 250.00
1041. 1828 Overton 3A, Curl-base open top 2, UNLISTED ERROR EDGE "ORALF", Glittering slightly golden **PROOF** obverse, uncirculated reverse, very tiny edge nick. 250.00
1042. 1829 Unattributed, TOP HALF OBVERSE BORDER DOUBLE MILLED, glittering golden prooflike surface, **SHARP STRUCK.** 225.00

1829 PROOF HALF DOLLARS, ETC.

1043. 1829 OVER 1827, UNLISTED, obverse Overton 1 but **UNLISTED REVERSE, GLITTERING BLUE PROOF!** In small cardboard box such as used by T. James Clarke and the old-time collectors. Easily worth over 1,500.00

1044. 1829 OVER 1827, Overton 1, less of underlying 1827 evident, week C in 50C as described by Overton, Prooflike obverse, Uncirculated reverse (slightly prooflike), lovely blue golden patina. 350.00

1829 PROOF HALF DOLLARS ETC. (Cont.)

1830-1831 PROOF SURFACE HALF DOLLARS

- | | |
|---|--------|
| 1046. 1830 Overton 27 with filled A's, Uncirculated SHARP STRUCK, bluish golden prooflike patina, very faint rub on top curl. | 100.00 |
| 1047. 1830 Overton 38, small o, double profile, GLITTERING GOLDEN PROOF OBVERSE, reverse Uncirculated slightly golden. | 200.00 |
| 1048. 1830 Large O, Overton 46 obverse but Overton 47 reverse, unlisted error edge, "OHRALF", Uncirculated obverse, PROOFLIKE reverse. | 150.00 |

1837-38-39 BUST PROOF SURFACE HALVES

- | | |
|---|--------|
| 1050. 1837 "50 CENTS", GLITTERING BLUISH GOLDEN PROOFLIKE Obverse & Reverse. A lovely "GEM" which we believe to be an exceptional regular strike. VERY RARE THUS. Acquired at \$500 some years ago but we believe more realistic actual value would probably be closer to | 450.00 |
|---|--------|

1051. 1838 "HALF DOL." GLITTERING BLUISH GOLDEN PROOF SURFACE BOTH SIDES! Only a tiny nick to mar its beauty. Acquired as a full "PROOF" in 1967 at \$3,000.00. At first glance it does appear to be a full proof but close study with a glass forces us to attribute it as a proof surface. It is difficult to place a proper valuation on this beauty but we must, we feel \$750 to \$1,000.00 might be "in line", considering its rarity.

- | | |
|---|--------|
| 1052. 1839 Similar type, RAISED KNIFELIKE EDGE OBVERSE, Very Sharp Strike Obverse & Reverse, Brilliant slightly golden Uncirculated with slightly prooflike surface reverse. A remarkable specimen of this date which is rarer than the Guidebook indicates. Easily worth \$400, possibly | 450.00 |

Acquired from a 1966 sale at \$1125 where it was valued \$1,500.00. We believe this remarkable "type coin" to be well worth the \$1500; perhaps now closer to | 2,000.00 |
|---|----------|

1839-1840 PROOF SURFACE HALF DOLLARS

- | | |
|--|--------|
| 1054. 1839 Liberty Seated, With DRAPERY from elbow, Brilliant slightly golden PROOFLIKE SURFACE BOTH SIDES, only a tiny mark in reverse field (probably from another coin coming in contact with it at the mint) to mar its perfection. Acquired 1967 at | 350.00 |
| 1055. 1840 Small letters, GLITTERING GOLDEN & BLUISH DEEP PROOF SURFACE BOTH SIDES, VERY SHARP STRIKE WITH BROAD RAISED BORDERS BOTH SIDES! A remarkable specimen acquired as "PROOF" in 1967 when it was valued \$1,000.00. We do not believe it to as yet be worth the \$1,000 but feel its present value to probably be somewhere between \$500 and | 750.00 |

1842 PROOF HALF DOLLAR

- | | |
|---|----------|
| 1056. 1842 Large Re-Engraved Date, Larger Eagle & Letters, BLUISH GOLDEN TONED PROOF WITH WIRE EDGE BOTH SIDES & DEEP RAISED EDGES, VERY SHARP STRIKE' VERY RARE! | 1,000.00 |

Pattern, Experimental & Trial Pieces.

1066. 1855-O ARROWS, GLITTERING GOLDEN FULL PROOF SURFACE BOTH SIDES! Acquired several years ago as a "BRANCH-MINT PROOF" at \$350.00. A most unusual specimen in popular demand for "type". The Guidebook lists the 1855 "P" mint arrows proof at \$1,000.00 but does not list any "Branch-Mint Proofs" altho the Standard Catalogue of the U.S. Coins does list a number.
1067. 1857-S GLITTERING GOLDEN & BLUISH PROOFLIKE SURFACE BOTH SIDES, SHARP STRUCK! A most unusual specimen. Acquired 1964 at \$300; could now realize closer to 500.00

Only a minimum flattening of the Liberty Seated side with **UNUSUALLY SHARP STARS**. Only a pinpoint nick in the field (from another coin?) to mar its perfection. 1075. 1797 B-1, 9X7 16 Stars, (to signify admission of Tennessee as 16th state) Large Letters, virtually Uncirculated, only barest friction, pinpoint nick. **VERY RARE. THE SMALLEST COINAGE (by far) OF ALL THE YEARS OF DOLLARS 1795-1803!** Catalogs low in 1969 Bolender at only \$1,000 Ex. Fine and \$1,850 unc., or for this specimen about 1,425.00

1076. 1797 B-3, 10X6 STARS (considered separate major "type" by many) virtually Uncirculated with lovely patina, only barest friction, faint (visible under a glass) "mint equalization line" (to bring weight of planchet down to permissible tolerance — thereby saving cost of melting and again striking coin) on reverse. A lovely specimen of this **VERY RARE DATE & VARIETY (about half the coinage of the 1797 B-1) THE MOST UNDERVALUED DATE IN THE EARLY DOLLARS!** Based on rarity, we feel this should be worth at least 1,750.00

1081. 1798 B-24a, Medium wide date, 13 arrows, 5 tiny berries, **UNCIRCULATED GOLDEN**, however the die break (obverse) causing B-24a variety resulted in 3 stars of reverse not being fully struck up; a lovely specimen with only the barest trace of rubbing (the old-time "cabinet-friction"). Surely worth more than the "commonest" 1798 variety which catalogs 825.00
- ✓ 1082. 1798 B-28, Close Date, High 8, **UNCIRCULATED GOLDEN** with just the barest trace rubbing to mar its beauty, several interesting die breaks causing center portion of reverse not to be fully struck up. **RARE (Rarity 3)**. Surely worth more than the "common" variety which catalogs unc. 825.00
1083. 1799 **OVER 98**, B-1, 13 stars reverse with "Dotted I" variety, virtually Uncirculated, only barest friction, small interesting break at edge, lovely blended bluish golden patina. **VERY RARE, RARITY 5 (Bolender states)**. Catalogs low unc. at only 875.00

1086. 1799 B-7, Virtually Uncirculated, only barest friction, lovely golden patina. **RARE (Rarity 4)**. Surely worth more than the "common" variety which catalogs unc. 775.00
1087. 1799 B-12b, **NO BERRIES, UNCIRCULATED GOLDEN**, late die state with interesting die breaks. **RARE (RARITY 4)**. Easily worth over 1,000.00
1088. 1799 B-14 but **UNLISTED DIE BREAKS** vertically thru 7, another 7 thru 99 to bust; one above F AM & various small ones, about very fine (some portions better, some a bit more wear). B-14 is **RARE (Rarity 4)** Therefore this variety must be **VERY RARE**. 300.00

1092. 1799 B-21, Variety with die flaws under AM, near uncirculated with light golden patina. "**RARE VARIETY. RARITY 4.**" The "common" variety (rarity 1) catalogs unc. \$775; this should be proportionately more.
1093. 1799 B-22, Heavy Die Break horizontally Bisecting Reverse, extremely fine (obverse not quite that but reverse better). Acquired as "**CONDITION CENSUS. EXTREMELY RARE VARIETY. RARITY 6.**". Well worth 500.00

1798 SMALL 8 DIME

1320. 1798 SMALL 8, uneven wear resulting in a sharp very good bust, fine LIB- ERTY & date, reverse mostly very good (small portions of legend well worn), motto about fine. AMONG THE RAREST OF ALL THE DIMES LISTED IN GUIDEBOOK! Undervalued in keeping with its true rarity. Worth over	500.00
---	--------

HERALDIC EAGLE DIMES 1798-1807

1321. 1803 Fair, only partly legible; 803, part of bust, RTY, 3 stars of obverse legible; eagle, stars and half of legend of reverse legible. Cat. fair	82.50
1322. 1804 13 Stars reverse (rarer by far, than the 14 stars reverse) very fine bust, LIBERTY and date, balance of coin about fine, typical strike with 3 of the reverse stars not fully struck up. VERY RARE! Seldom offered. In fact, a careful check of the sales of the past 38 years, the time we have been pro- fessional numismatists, reveals the startling fact how very few specimens have been offered! One of the most undervalued of the entire dime series! Catalogs somewhat low in fine at \$350 and v.f. at \$585; this specimen should then figure out to an averaged "catalog" value of at least	450.00
1323. 1805 With 4 berries, glittering bluish golden Prooflike, sharper struck than most specimens seen over the years, close inspection with a glass reveals faint rubbing on highest points. A lovely specimen of this "type" coin. Catalogs unc. \$650.00 but there are higher records.	
1324. 1805 Duplicate, bust and date very good, LIBERTY and stars worn but legible; reverse very good except "United" not legible. Should be worth "good" price of	110.00
1325. 1807 Uncirculated bluish golden, sharper struck than most with hair of Liberty and most of eagle quite sharp, early strike from this usual "buckled die" variety with left stars while not fully struck up — still sharper than usual, the beginning of the buckling of the die is visible at the last two stars; the legend of the reverse is much sharper than usual altho as typical of this die, the borders are not fully struck up. A SUPERIOR SPECIMEN in demand for "type". Catalogs	700.00

1331. 1825 Uncirculated with glittering bluish golden patina. Catalogs \$180 but the demand by "type" collectors could very well send it over	200.00
1332. 1827 Near Uncirculated with golden patina, wing tips not quite fully struck up. Catalogs unc.	180.00

1387.	1871-CC Extremely fine with deep blue patina, careful examination with a glass reveals some light brush-marks. VERY RARE. The comments regarding the Miles specimen (Stacks' auction April 1969) are pertinent. "Extremely fine, lightly burnished, probably to remove some light surface scratches. One of the rarest dimes in the series. Lacking in many of the great collections offered for sale, and when seen are generally no better than fine condition. After searching the catalogs of sales of the past decade, other than the Holmes uncirculated example sold in 1960, we can find no record of one in better condition than this example." That specimen realized (conservatively, we believe)	650.00
